

TRAFFIC ENGINEERING SUPERVISOR

RECRUITMENT DATES May 21, 2007 – Until selection is made. ***First review of application material will occur on June 1, 2007.***

SALARY \$64,667 - \$101,858 annualized. *Appointment can be made above the minimum depending upon qualifications.*

EXPERIENCE Five years of professional traffic engineering experience in a technical capacity, including one year of experience supervising professional-level engineers who perform very difficult and advanced traffic engineering work, and a bachelor's degree in engineering including, or supplemented by, courses in traffic or highway engineering. ***Must be registered as a Professional Engineer in the State of Arizona by the end of the 12-month probationary period.*** Other combinations of experience and education that meet the minimum qualifications may be substituted.

DUTIES These are management positions in the Street Transportation Department which typically supervise multiple sections within a major division. These divisions include Traffic Operations, Planning, Design, and Programming. In the Traffic Operations division one position supervises the Neighborhood Traffic Management team, Traffic Safety, and Investigative Services. Another position supervises several field functions which include signals administration, the Signal Shop, the Signing and Striping Shop, Right-of-Way Management, and Traffic Data Services. In the Planning, Design, and Programming division, one position supervises Planning and Design Services, where the incumbent participates in the review of Master Street Plans, traffic studies, and the preparation of written reports of traffic requirements for site plans and subdivisions. Another position supervises the CIP programming and the Street Lighting function. All of these positions exercise considerable skill in communicating traffic engineering problems and proposed solutions to public officials, the development community, City departments, agencies, neighborhood associations, and homeowner associations. These positions are responsible for operational budgets and personnel management. Vacancies are anticipated over the life of this eligible-to-hire list.

ALSO REQUIRED Some positions in this classification require the use of personal or City vehicles on City business. Individuals must be physically capable of operating the vehicles safely, possess an appropriate valid Arizona driver's license, possess personal insurance coverage, and have an acceptable driving record. Working irregular hours, shifts, weekends, holidays, and evenings may be required.

RESIDENCE Maricopa County residency is required within 24 months after the date of hire and must be maintained.

EVALUATION Based on resume and cover letter. In your cover letter or resume, please describe your experience as it relates to the requirements stated above. Resume and cover letter guidelines are available at <http://phoenix.gov/EMPLOY/resumeg.htm> or at the Application Office. Only applicants who meet the requirements as stated in the "Experience" section will be placed on the eligible-to-hire list.

APPLY Apply on-line at www.phoenix.gov or submit your resume, cover letter, and data collection form to the City of Phoenix Application Office. ***The recruitment may close without notice when a sufficient number of applications have been received or the position has been filled.***
